

# Teacher's Guide

## To the Teacher

Even though our *English Workshop: Flashcards* section has been designed to support our English workshop, they can be used independently.

Each unit includes high resolution A4 Pdf flashcards; both images and words. This size is especially useful for large classes and/or young learners.

## Printing

If you intend to print the names on the back of the images, please remember to use heavy enough paper to absorb the ink and to stop it showing through.
